

# CONCEPTUAL - EDITORIAL

Clockwise from top left, conceptual interpretations of parental news/articles

- 'Making our home safe again: meet the women that clear landmines' January 2021, The Guardian.
  - ENERGY in celebration of our solar energy: the Sun, without which, life would not exist.
  - Created in response to the article 'Why plague doctors wore those strange beaked masks' - National Geographic.
  - Conceptual re-imagined cover for New Scientist focusing on the moon and its impact on our sleep and health.
- Mixed media: Watercolour, ink and collage
